# COMPANY OVERVIEW

Ethar Al Khaleej General Contracting Est. is a professional contracting organization specializing in structural steel works, civil construction, finishing works, and IT infrastructure services. Since its establishment in 2018, the company has consistently delivered reliable, compliant, and cost-effective solutions for industrial, commercial, and residential projects.

Operations are executed in accordance with approved engineering standards, safety regulations, and project specifications, with a strong emphasis on quality assurance, timely delivery, and client satisfaction.

## OUR VISION

To achieve recognition as a reliable and preferred contracting partner through consistent delivery of quality workmanship, technical competence, and sustainable solutions.

## OUR MISSION

To execute projects with a commitment to quality, safety, efficiency, and compliance, while establishing long-term relationships with clients through dependable service delivery.

## OUR VALUES

- ✓ Operations are guided by a strong foundation of safety and integrity.
- ✓ Skilled and dedicated people form the backbone of the organization.
- ✓ Clients are recognized as valued partners in sustainable growth.
- ✓ Performance excellence remains a continuous organizational commitment.

# OUR CORE SERVICES

## STRUCTURAL WORKS

- Structural fabrication works
- Skids and piping spools
- Equipment support structures
- Main columns and sub-columns
- Ducts and hoods
- Blasting and industrial painting
- All types of structural steel works

## CIVIL & FINISHING WORKS

- Building finishing works
- Renovation and maintenance works
- Electrical works
- Plumbing works
- Tiles and flooring
- Plastering and painting
- Gypsum board and false ceiling works

# OUR CORE SERVICES

## IT INFRASTRUCTURE & SUPPORT

- IT infrastructure design and implementation
- Network installation and configuration (LAN/WAN)
- Network support and monitoring services
- System maintenance and technical support
- Server and workstation setup
- Structured cabling solutions
- CCTV installation and surveillance system setup
- Access control and basic security system integration

# SCOPE OF SERVICES

- **STRUCTURAL FABRICATION WORKS**

Execution of structural steel fabrication activities including fabrication, supply, erection, and installation in compliance with approved drawings, specifications, and applicable international standards.

- **SKID FABRICATION**

Design and fabrication of industrial skids for mechanical and process equipment, ensuring structural integrity, operational efficiency, and ease of installation and maintenance.

- **PIPING SPOOL FABRICATION**

Fabrication of piping spools including cutting, welding, fit-up, and inspection, performed in accordance with approved procedures, applicable codes, and project quality requirements.

- **EQUIPMENT SUPPORT STRUCTURES**

Fabrication and installation of equipment support structures providing secure and stable foundations for industrial machinery and operational systems.

# SCOPE OF SERVICES

## • COLUMNS AND SUB-COLUMNS

Fabrication and erection of main columns and sub-columns with accurate alignment and load-bearing capacity to ensure structural stability and design compliance.

## • DUCTS AND HOODS FABRICATION

Manufacturing and installation of ducts and hoods for ventilation and exhaust systems, designed to meet operational performance and environmental requirements.

## • SURFACE PREPARATION AND INDUSTRIAL PAINTING

Abrasive blasting and industrial painting services carried out to protect steel structures against corrosion, environmental exposure, and operational wear.

## • BUILDING FINISHING WORKS

Execution of interior and exterior finishing works in accordance with project specifications, focusing on durability, functionality, and aesthetic quality.

# SCOPE OF SERVICES

- **RENOVATION AND REFURBISHMENT WORKS**

Renovation and refurbishment of residential, commercial, and industrial facilities aimed at improving structural integrity, operational efficiency, and visual appearance.

- **ELECTRICAL WORKS**

Installation, testing, commissioning, and maintenance of electrical systems in compliance with approved drawings, safety regulations, and applicable electrical standards.

- **PLUMBING WORKS**

Execution of plumbing systems including water supply, drainage, and sanitary installations in accordance with approved designs and quality standards.

- **TILES AND FLOORING WORKS**

Supply and installation of various flooring systems including ceramic, porcelain, marble, and other finishes, ensuring precision, durability, and quality workmanship.

# SCOPE OF SERVICES

- **PLASTERING WORKS**

Application of plastering systems to achieve smooth and uniform wall and ceiling finishes in line with project quality requirements.

- **PAINTING WORKS**

Execution of painting works using approved materials and methods to deliver durable, consistent, and high-quality finishes.

- **GYPSUM BOARD AND FALSE CEILING WORKS**

Design and installation of gypsum board partitions and false ceiling systems to enhance space functionality, acoustics, and architectural appearance.

- **IT INFRASTRUCTURE AND SUPPORT SERVICES**

Provision of IT infrastructure solutions including network installation and support, system configuration, maintenance and technical support services, structured cabling, server and workstation setup, and CCTV surveillance system installation to support secure and efficient operations.

## QUALITY AND SAFETY COMMITMENT

All activities are performed with strict adherence to quality control procedures, safety guidelines, and regulatory requirements. Emphasis is placed on risk management, compliance, and continuous improvement to meet client and project expectations.

## ORGANIZATIONAL STRUCTURE

Eithar Alkhaleej Establishment for General Contracting operates under a clearly defined organizational structure that ensures effective management control, operational efficiency, and compliance with quality and safety requirements.

The organizational framework supports clear lines of authority, responsibility, and communication across all project activities.

# MANAGEMENT RESPONSIBILITY

- **OWNER / GENERAL MANAGER**

Overall responsibility for strategic planning, business operations, client relations, and compliance with contractual, quality, and safety requirements.

- **PROJECT MANAGER**

Responsible for project planning, coordination, execution, and delivery in accordance with approved schedules, specifications, and contractual obligations.

- **QUALITY CONTROL ENGINEER**

Responsible for implementation of quality control procedures, inspections, documentation, and compliance with project and client quality requirements.

- **HSE OFFICER**

Responsible for implementation of health, safety, and environmental policies, risk assessments, safety training, and site compliance.

# MANPOWER RESOURCES

Eithar Alkhaleej Establishment for General Contracting maintains a qualified and experienced workforce capable of executing projects of varying scope and complexity.

## • TECHNICAL AND MANAGEMENT STAFF

- Project Managers
- Site Engineers (Civil / Mechanical / Electrical)
- QA/QC Engineers and Inspectors
- HSE Officers and Safety Supervisors
- IT Support Personnel
- Administrative and Finance Staff

## • SKILLED AND SEMI-SKILLED WORKFORCE

- Plumbers
- Painters
- Gypsum Board Installers
- Tile and Flooring Technicians
- General Laborers
- Structural Fabricators
- Welders
- Fitters
- Electricians

## TRAINING AND COMPETENCY

Personnel are selected based on technical qualifications, experience, and skill competency. Continuous emphasis is placed on safety awareness, quality standards, and compliance with site regulations through regular training and supervision.

## RESOURCE AVAILABILITY

Adequate manpower resources are maintained to support:

- Parallel project execution
- Schedule compliance
- Quality workmanship
- Safety performance

*Additional manpower can be mobilized as required to meet project timelines and client demands.*

## KEY STRENGTHS

- Experienced and qualified technical workforce
- Compliance with project specifications, quality requirements, and safety standards
- Consistent on-time project execution through effective planning and supervision
- Proven expertise in industrial, commercial, and residential projects
- Client-focused service approach with emphasis on long-term partnerships
- Strong project management and coordination capabilities
- Commitment to quality workmanship and continuous improvement
- Effective health, safety, and environmental practices
- Ability to mobilize resources and manpower as per project requirements
